

2018-2019 PATRON PROGRAM DONATION FORM

The Norwalk Music Boosters provide support to the vocal and instrumental programs in Norwalk's schools in Kindergarten through 12th grade. We're thankful for last year's Patron Program that resulted in purchases of music technology, tickets for cultural experiences for elementary students, marching band equipment, ipads for the middle school, Opus Honor Choir registrations, scholarships for two graduating seniors and various vocal and instrumental investments. It will be exciting to see what we can do for this school year to enhance our music programs!

A significant portion of the funding which made this support possible was provided by the Patron Program. All donations to the Norwalk Music Boosters' Patron Program are proudly listed in our concert programs throughout the school year and on our website at www.norwalkmusicboosters.com.

To ensure inclusion in the most programs possible during the 2018-2019 school year, please send your contribution along with this form to the Music Boosters as soon as possible. However, donations will be accepted throughout the year and listed as soon as possible for inclusion in programs for the rest of the school year.
